Good news stories

Sarah Williams our communication lead has made a huge difference to our school since joining us earlier this year—thank you Sarah

Our new school council had their first meeting (virtually) it went brilliantly. Everyone was patient and allowed time for each other. Their first job has been completed - they voted for our Jack Petchey winner.

A student in Pier 3 has shown excellent behaviour this week and is looking forward to a Friday award in class.

A student in Pier 5 used a scooter board to 'scoot' around outside of the sports hall.

Sunshine 1 student joined in with all actions for the attention bucket yesterday.

Beach 3 all accessed the park safely and enjoyed exploring the equipment.

We are really proud of a student in Beach 4 who moved yesterday.

Sunshine 8 have been busy this week—2 students worked hard to produce a list for cookery and another student shopped for it—which meant having to visit three shops to complete it! Well done Sunshine 8.

Wishing you all a lovely weekend.

The beach hut is available to hire, please contact the office for a form should you wish to hire it.
The cost is £15 per day with a maximum consecutive rental of 3 days for £40

Message from School Nurse

We kindly request that only one parent/carer attend any medical appointments.

Thank you for your understanding.

Hello everyone, I, Sarah Williams have been working with lots of students on developing their individual communication skills, since joining the school team in February, as your Communication Lead. I have spent time working across Sunshine and Beach strands, now moving to Pier, getting to know these children and young people, and have already had many "WOW" moments. Although you all get to view so many of these celebrations on Tapestry, I also want to share a huge "Communication Celebration" to a pupil in Beach 2. Over the last few weeks, he has participated wonderfully in PECS and using his folder to request the types of play and activities that he's really motivated by, which currently is posting flashcards and small key items, into a cardboard post box.

We have been working on travelling with PECS and this was achieved last week. He has been able to continue to travel with his "I want" strip in class and has been so determined to get what he wants. He will load his "I want" strip, look for the adult, move out of the chair and walk towards the adult to get what he wants, then repeats numerous times. All the time, vocalising with sounds and continued joint attention developing. What a super star. Well done.

Please contact school or myself on sarahw@shorefields.essex.sch.uk if you would like more information on the phases of Picture Exchange Communication PECS or any other communication query.
